SOBEP Announcement

Dear colleagues,

It is a pleasure to announce our 48° Brazilian Congress of Stomatology and Oral Pathology. Our goal is to bring together the best stomatologist and oral pathologist of the world. This year's event promises to be particularly exciting, as we have renowned keynote speakers who will lead discussions on hot topics related to Oral Medicine and Oral Pathology.

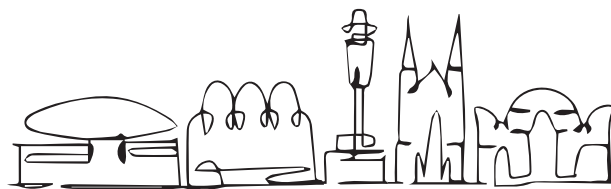

Our scientific program features a diverse range of seminars, including those focused on Oral Medicine, Oral Pathology, and Imaginology, as well as clinical-pathological conferences. We believe that this well-rounded agenda will provide attendees with valuable insights into the latest research and developments in the field.

In addition, we are preparing a relaxed and warm environment for you to learn from some of the most prominent experts in the field, engage in stimulating discussions and exchange new ideas.

You can find the most updated information in our website: <http://www.estomatologia.com.br/congresso-sobep2023?ind=en&l=evento-ing>

We look forward to welcoming you in Curitiba!
